2) My Submission note no F13 dated 24-9-42 contains my observations on many points raised by M V. Sundaramurthi. It would facilitate matters if M Sundaramurthi indicates in detail all his requirements for buildings and lays in hand at Yeswanthpur and Govindrajnagar and sends a consolidated list of his requirements with information re nature of buildings to be put up, need for quantities of steel, cement asked for as this would enable the Asst Engineer to study and indicate the workable quantities required so that priorities may be issued or obtained.

3) Mr Sundaramurthi says that he wants 25 tons of steel for buildings at Yeswanthpur. Probably he wants to have some buildings of reinforced concrete. Whether tiled roofed buildings would not do has to be ascertained to minimise the use of steel and cement.

4) It is not possible to say whether 50 tons of cement may be released for use at Govindrajnagar this can only be done after receipt of consolidated indent as stated above.

DEPARTMENT OF SERICULTURE.
Mysore State.

SUBMITTED.

24) Letter No.D4-262/41-42 dated 9th September 1942 from the Director of Industries and Commerce in Mysore, Bangalore, to the Secretary to Government, Development Department, Bangalore.

25) Observations on the several requests made by Mr.V.Sundaramurthy with regard to erection and working of 500 basins under Government of India scheme.

26) 1. No. of basins - 500 of which 100 will be at Yeswantapur and 400 at Goribidnur. Both the places are not situated in or very near cocoon producing centres. As such Mr.Sundaramurthi must have cocoon purchasing and stifling centres in the cocoon purchasing areas of Kolar District and Devanahalli and Hoskote Taluks of Bangalore District. This fact has been intimated personally to the party.

27) 2. Capital required - Rs.7,00,000 of which he requires Rs.3,50,000/- from Government of India as a loan. Based on the estimates for Government Filature at Kankanhalli, a sum of 6 lakhs is required for capital expenditure of which only 3 lakhs of rupees have to be given as loan after execution of agreement, on proper security and on the basis of work turned out which will be checked by the Engineering and Technical Officers appointed under the scheme.

28) Mr.Sundaramurthi proposes to utilise some of the land and buildings available at Yeswanthapur and Goribidnur and belonging to Manikavelu,Ltd. It is a point for consideration as to whether it is necessary to find out if Mr.Sundaramurthi has got full proprietory rights over these properties and whether they are unencumbered.

XX

Seri.

24/9/42

1342

Yes.

I think it is necessary.

29) 3. Working capital - Six lakhs of rupees. It is alright. Whether this full amount has to be advanced in a lump sum or in proportion to the number of basins erected and worked has to be considered.

I think this should depend on the erection of basins coming into operation. WP

30) Mr. Sundaramurthi wants that the interest on the loan given for capital expenditure should be calculated from the date the factory is in full working order and starts production on the full estimated basis.

31) This cannot be done. I think the understanding is that interest should be charged from date of commencement of contract, from which date also the repayment period has to be counted.

I agree. This WP has been decided

I do not think it is possible to exempt from the payment of income-tax and super-tax.

I agree. WP

32) 4. Training School - Mr. Sundaramurthi wants to have a training school at an early date. This idea appears to be to engage the services of a retired officer of the Department of Sericulture to run the school and to be in charge of all the filatures. The same conditions as apply to the Mysore Silk Filatures, Ltd., apply to this party also. The expenses on the training would be given on the same scale and on the same conditions as those laid down to other private filatures.

yes WP

33) 5. Electric power at Goribidnur - 25 to 30 H.P. This question has already been taken up by the Secretary to Government, Development Department.

(Under consn in the Electrical Sect.)

34) I do not think that any extra special concessions can be given re: electric power. If rules permit the rates that apply to large scale installations may apply to the filature at Goribidnur. This has to be ascertained from the concerned Secretariat.

I agree. WP

35) 6. Price of silk till cocoon price control scheme comes into effect:- This will be as per condition laid down in the schedule.

yes. WP

36) 7. Disposal of the factories (buildings and all machinery) at end of contract period:-

37) It is not possible to agree to this condition. Mr. Sundaramurthi would, I believe, be at liberty to dispose of the same after repaying all amounts due to Government in case he does not want to continue to work the filatures after contract period.

I agree. WP

38) 8. The agreement copy will be sent to Mr. Sundaramurthi as soon as it is ready.

(under preparation)

39) Period of 3 years contract will commence from the date 30 per cent of the basins in the Government Filature commence work as already agreed upon.

Yes WP

40) 9. Priorities:-

(a) 20,000 Sq.ft. of asbestos sheeting
400 R.ft. of ridges
20 Asbestos ventilators.

All these are required for the buildings at Yeswantapur, I believe. The Secretary to Government, Development Department has already addressed the Controller of Supplies, Madras to give priorities. (vide No.D.1982/I & C.dated 10-9-1942).

Yes. WP 2

(b) Electric motors - 40. On receipt of information re: availability of these motors, transport priority has to be obtained.

Yes. WP

(c) Cement - 100 tons for buildings at Yeswantapur. The Secretary to Government, Development Department has already addressed the General Manager, Mysore Iron & Steel Works, to release 25 tons of cement.

41) The Assistant Engineer states that 16,100 Sq.ft of cement asbestos 305 feet of ridging and 20 ventilators would do for the buildings at Yeswantapur. With regard to cement, the Assistant Engineer states that about 100 tons of cement would be sufficient for 500 basins for flooring and basin parts.

For perusal. WP

42) It would facilitate matters very much if Mr. Sundaramurthi studies all his requirements in detail and then sends in a consolidated list of articles for which priorities are required.

43) 10. I understand that Mr. Sundaramurthi has already secured the boilers required by him.

Yes. The Supdt of Seri will be requested to obtain this from Mr V. Sundaramurthy. 42 2 for perusal. 43 2

Bangalore City.,

Dear Sir,

In continuation of my letter of the 15th ultimo regarding the 25 tons of Cement required by me for the buildings at Yesvantapur, I write to say that I have this day heard from the Sales Manager, Mysore Iron & Steel Works, Bhadravati, that he has heard that public consignments cannot be booked to Yesvantapur and he wishes to know whether the same may be booked to Yelahanka. As you are aware, this cement is required by me for war work purposes and I shall appreciate if you will kindly instruct the Sales Manager, Mysore Iron & Steel Works, to book this 25 tons of Cement to our nearest station, i.e. Yesvantapur immediately as the work is being held up for the want of this cement.

Thanking you in anticipation.

Yours Faithfully.

President.

and Steel works, Bhadravati as requested in his letter dated 24th Dec 1942.

Letter dated 8th Jany 1943 from the same gentleman requesting for a priority Certificate for 50 tons of Cement in connection with the erection of the factory at Gorishdnur

6) It is reported that Mr V. Sundara Murthy has written a letter to the Iron works on 15-12-42 to supply him only 19 tons of Steel. But he has addressed to Govt for the supply of 83 tons of Steel. The general Manager M.V.S.W has been requested to supply him to the extent possible. If approved, the general Manager will be requested to supply the 83 tons of steel to Mr V. Sundara Murthy as already ordered before.

7) As regards the supply of 50 tons of cement for the factory at Gorishdnur, the Supdt of Sericulture may perhaps be requested to examine this matter and to report to Govt how much cement is exactly wanted by Mr V. Sundara murthy.

8) Submitted for orders.

9) The Genl Manager MVSW has authorised the issue of 19 tons only. Mr Sundaramurthi has stated his/their requirements are 83 tons of rounds etc. It is not clear why he gave a different figure to the Genl Manager Anyway

18/1/43

A
73) I understand that the quantity the machines is 83 tons & that what he wanted immediately was 19 tons. In any case, the CE manager is looking into this matter with M/s V. Sundara murthy.

WCT
22/1/43

no further action appears to be necessary.

74) Regarding his cement requirements ~~he may~~ a copy of his letter may be referred to the Chief Engineer & he may be requested to issue orders in the matter.

Dev Secy) for Vellers

74) D: Ask the Special Officer urgently if this supply is necessary.

75) (What is the total quantity of steel & cement which it is necessary to authorise for the filatures of M/s V.S. Murthy?)

WCT

The Mysore Silk Filatures, Limited

T. NARASIPUR

Seri 91-42-6

Rajasevaprasaka
MR. N. RAMA RAO, B.A., B.L.
CHAIRMAN

CAMP MYSORE.

Ref. No. C660/42

5th September, 1942.

1309

My dear Mr. Vedavyas Acharya,

Thank you for the copy of the Schedule of conditions relating to the acceptance by the Government of Mysore of the Filature Expansion. I haven't heard yet about it from the Director of Industries and Commerce.

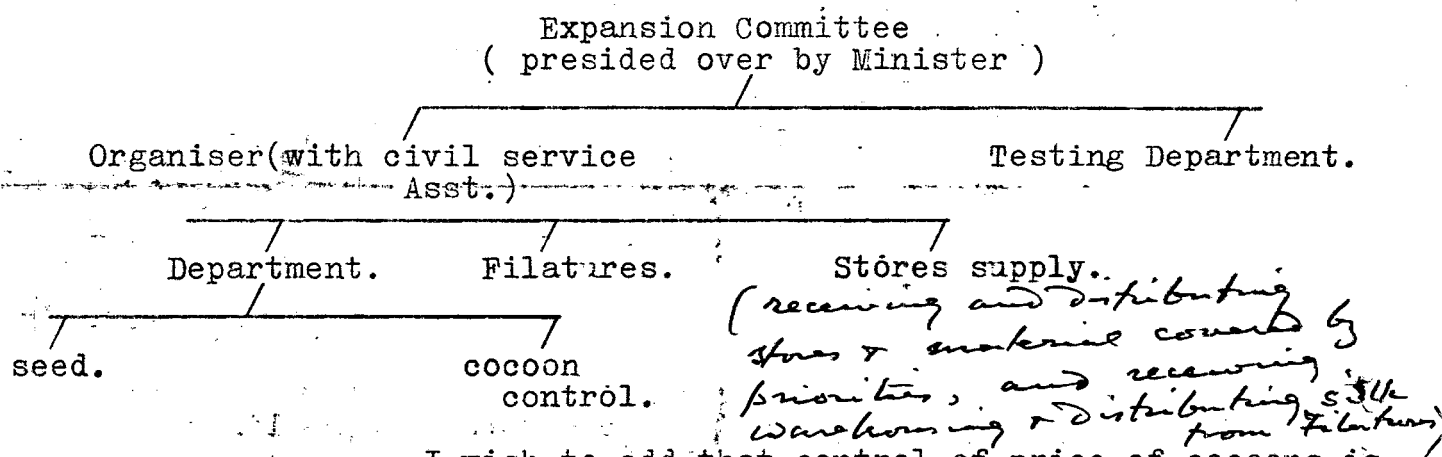
The Scheme requires a good deal of action at this end to implement it, such as control of prices of cocoons, getting priorities for material and transport, etc., and I hope that we shall not waste any time in routine and "proper channels". I am convinced that there should be a strong, and not too large, Executive Committee presided over by the Minister, with the Officer-in-charge of the supervision of the scheme as Secretary; and this Secretary should be the link between the High Command (so to speak) and the operative organisation. The President may have a Deputy to whom he may refer such matters as he likes.

I feel strongly on two points: (1) that the technical Officer-in-charge of the Filature expansion should also have control of the Sericultural Department, for the success of the scheme hinges on seed supply which is the central problem of the Department; and (2) that this Officer should be in direct touch with Government and the Committee I have suggested, and not be subordinated to an intermediate authority. As the satisfactory working of the scheme involves a good deal of administrative work, it would be useful to include in the organisation a competent junior Officer of the Civil Service. It would be an excellent training for him, and, to look beyond immediate needs, an

an excellent way of providing for the future direction what is bound to become a very important Department of the State's activities.

The Silk Conditioning Department should not be under the authority which organises the production of silk - for what would sacrifice the independence of tests, which is all important since the Conditioning House will have to deal with silk from private Filatures as well as that from Mysore and Madras Government Filatures. The Conditioning House Officer should have a sufficient Status, and be directly under the Committee.

The organisation I would suggest would be somewhat as follows:-



I wish to add that control of price of cocoons is essential to the smooth working of the scheme, since - " prevailing market prices " is likely to be a disputatious matter.

Yours sincerely,

M Rama Rao

V.Vedavyas Acharya, Esq., B.A.,

Bangalore City.,

Dear Sir.

I thank you for your letter No.D.O.1772 dated the 4th inst and I enclose herein a copy of my letter of date addressed to the Director of Industries & Commerce for your information.

With reference to the matter of Priority Certificates, I shall require the following immediately.

(a) For 20000 square feet of Asbestos sheeting, 400 running feet of Asbestos ridges and 20 Asbestos Ventilators. This will take 10 days to reach Bangalore after the Priority Certificate is obtained. As I wish to complete the building work at Yesvantapur before the end of this month I shall be glad if this Priority Certificate is made available immediately.

(b) Priority Certificate for 40 One H.P. Motors. Of these motors I require 25 for my work and the Supt of Sericulture requires 15 motors, so I have already placed an order for 40 motors. This Priority Certificate is required at once.

(c) Priority Certificate is required immediately for 100 tons of Cement for building purposes.

Priority certificates for other materials I shall apply for in due course.

Yours Faithfully.

OUR REF.

7th September '42.

S. G. Sastry. Esqr., B.A.,M.Sc.
Director of Industries & Commerce.
Government of Mysore.
Bangalore City.

Dear Sir,

I thank you for your letter No.D.4.242/41-42 dated the 3rd inst. As regards your enquiry as to the amount of money I am likely to require for Capital expenditure, I have to state that the estimate made some 3 or 4 months ago will have to be revised by increasing the same by about 25% for Machinery and 15% for Buildings, owing to the rise in the price levels. Calculating on this increased basis of percentage, 50% of the Capital expenditure for 400 basins at Goribidnur and 100 basins at Yesvantapur will work out as under:-

Machinery.....Rs.1,95,000
Buildings.....Rs.1,55,000.....Rs.3,50,000 ? 3,00,000.

This I require 3 lakhs Capital expenditure under Machinery and Buildings.

As for Working Capital, a sum of six lakhs (being 3 months working expenses) will be necessary as a loan. The amount advanced for Capital expenditure should carry interest only from the date the factory is in full working order and starts production on the full estimated basis. As regards the Working capital, interest may of course be charged from the respective dates of advance. It may also be noted that the rate of interest shall be half percent above the Reserve Bank rate for working expenses and 3% on advance for Capital expenditure. As this work will be a purely war work production, no Income Tax or Super Tax should be charged.

I hope to be able to start the training school by the end of this month for which I have already secured about 70 men who have had experience in filature reeling. The Government should bear the entire cost of the training scheme for which a separate account will be maintained.

I shall require Electric Power at Goribidnur from the 15th October '42 of 25/30 H.P. and I shall be glad if the Government will kindly make arrangements to do the needful in this connection. The Government should allow a special concession for electric power. If Government would give me all facilities and help, I should be able to have the Factory at Yesvantapur running by the end of November and the Factory at Goribidnur by the end of December 1942.

Until such time as the Government bring into force the Control price measure for Cocoons, Government should pay the actual cost of production plus profit agreed upon for finished silk.

At the conclusion of the Contract I shall have the option of disposing of the Factories (Buildings and all machinery) to the Government at the book values after deducting the usual depreciation and also selling the finished goods on hand to the Government at the contract rates and the materials on hand at the cost prices.

I should like to be favoured with a copy of the draft agreement between the Government of Mysore and myself so that I may forward same to my legal adviser for approval. The period of the three years contract will commence from the date the factory comes into full production. Pending receipt of the agreement I am proceeding with the work, which may be noted.

I have set forth above only a bare outline of the immediate requirements but would like to have a detailed discussion with you on the subject so that all details may be fully gone into. I shall therefore thank you to let me know when it will be convenient for you to have a personal discussion in the matter.

With reference to the matter of Priority Certificates, I shall require the following certificates immediately:-

(a) For 20000 square feet Asbestos Sheeting, 400 running feet of Asbestos ridges and 20 Asbestos Ventilators. This will take 10 days to reach Bangalore after the Priority Certificate is obtained. As I wish to complete the building work at Yesvantapur before the end of this month I shall be glad if this Certificate is made available immediately.

(b) Priority Certificates for 40 One H.P. Motors. Of these Motors, I require 25 for my work and the Supt. of Sericulture requires 15 motors, so I have already placed an order for 40 motors. This Priority Certificate is required immediately.

(c) Priority Certificate is required immediately for 100 tons of Cement for building purposes.

Priority Certificates for other materials I shall apply for in due course.

Yours Faithfully.

V. Vedavyasacharya. Esqr., B.A.
Secretary to Government.
Development Department.
Bangalore City.

Dear Sir,

With reference to the copy of letter dated the 7th inst addressed to S.G.Sastry. Esqr., Director of Industries & Commerce, Government of Mysore, forwarded to you under cover of my letter dated the 7th September '42. I find that owing to a clerical error the figure of Rs.3,00,000 is shown on page one thereof instead of Rs.3,50,000. Therefore kindly cancel lines 9 to 11 on page one thereof and substitute the following:-

Machinery.....Rs.1,95,000.
Buildings.....Rs.1,55,000.....Rs.3,50,000.

Thus I require 3½ lakhs Capital expenditure under Machinery and Buildings.

Thanking you.

Yours Faithfully.

My dear Mr.Vedavyasacharya,

I find I owe you a reply to your letter No.D. 1982/H.C. of the 10th instant re: Mr.Sundaramurty's request for priority certificate for asbestos sheeting.

Will you kindly ask him to apply to me giving the following particulars? (*vide slip attached) On receipt of these particulars I shall have a priority certificate issued.

In recommending the application I have no doubt that you have satisfied yourself that the use of these asbestos materials is justified and would not be more expensive than ordinary tiles.

Yours sincerely,

(M.A.Sreenivasan)

V.Vedavyasacharya,Esq.,B.A.,
Bangalore.

Dear Sir,

We have ordered from Messrs. Marshall Sons & CO., (India) Ltd., Madras, Two Marshall Boilers for use in our Sericulture Factories. These boilers are expected to arrive in Bombay in the near future and in order to facilitate Messrs. Marshall Sons & Co., (India) Ltd., Bombay, to have these despatched to Bangalore immediately on arrival, we shall thank you to kindly arrange to issue in their favour a priority certificate to obtain waggon space from Bombay to Yeswantapur.

We have also ordered from the International General Electric Co., Ltd., Calcutta, Four on Horse Power Electric Motors and we shall be obliged, if you will kindly issue a priority certificate for the despatch of these from Calcutta to Bangalore in favour of the above firm.

Trusting you will arrange to send these certificates to us for transmission to the above

Thanking you,

Yours faithfully,

President.

P.T.O.

Copy of the letter dated 6th October 1942 from the President, Vellum Parachute Silk Co., Palace Road Bangalore to the Secretary to Government, Development Department.

In continuation of my letter of the 15th ultimo regarding the 25 tons of Cement required by me for the buildings at Yesvantapur, I write to say that I have this day heard from the Sales Manager, Mysore Iron & Steel Works, Bhadravati, that he has heard that public consignments cannot be booked to Yesvantapur and he wishes to know whether the same may be booked to Kelahanka. As you are aware, this cement is required by me for war work purposes and I shall appreciate if you will kindly instruct the Sales Manager, Mysore Iron & Steel Works, to book this 25 tons of Cement to our nearest station, i.e. Yesvantapur immediately as the work is being held up for the want of this cement.

Thanking you in anticipation.

B. Raghavendra

for Secretary to Government
Development Department.

DESPAT
14.NOV.1942

P.T.O.

Copy of letter dated 13-11-42 from Mr. Seth ~~Chandu~~ Latchmandoss Chellasing, Bankers, Avenue Road, Bangalore City to the Collector, C.& M.Station, Bangalore.

I beg to bring to your kind notice that I had requested you to supply me one wagon of cement, and you had been kind enough to write to the Steel & Iron Works Ltd at Bhadravathi for the supply of the required quantity, but sorry they have written to you that the matter should be dealt through the Cement Advisor, Delhi. I think this course will take lot of time. So, to expedite the work, I request you will be kind enough to arrange to give me 125 bags of cement at least to do the essential works.

The Dy. Commissioner, Bangalore Dt., Bangalore City, has not sent any reply to your letter No.4840-A/42, dated 8-11-42, a copy of which was forwarded to me regarding Asbestos sheets.

If the Secretary to the Government of Mysore, Development Department, is addressed in the matter, I think the sheets may be obtained soon. Please address him urgently.

Copy of the letter No.4840-A/42, dated 8-11-42 from the Collector, C.& M.Stn., Bangalore, to the Dy. Commissioner, Bangalore Dt., Bangalore City.

Requisitioning of building for military purposes under the Defence of India Rules.

I have the honour to state that the building Lakshmi Talkies situated on St.John's Road, Bangalore, has been requisitioned for military purposes under the Defence of India Rules and that the owner Mr. Latchmandoss Chellasing of Mangoomall Chella Sing, Bankers, Bangalore City has been directed to hand over the premises after completing necessary repairs to the building. He states that he has purchased about 11,000 sq.ft. of asbestos sheets for roofing the said building from Mr. K.V.Acharya, Contractor, Bangalore City, and that the contractor has not been permitted to hand them over to him. As the building has to be handed over to the Military urgently, I request that necessary orders may be issued to the contractor to hand over the goods to him.

GOVT OF MYSORE

24th Decr.1942.

3409

The Secretary to Government,
Development Department
Public Offices, Bangalore.

Dear Sir,

You will please recall the telephonic conversation we had the other day when I explained to you in detail the -- several difficulties experienced in getting the necessary -- materials for the erection of the factories. The following are the requirements of hardware materials, for which I placed an Indent on the Mysore Iron & Steel Works, Bhadravathi, who have ~~pxi~~ replied that it is not possible to accede to our request without a license from the Iron & Steel Controller.

M. S. Angles.	1½"x1½"x1/4"x12--18'	--	30 Tons.
	1" x1" x1/4"x	--	3 "
M. S. Flats.	1½"x3/4"x	--	11 "
	1½"x1/8"x	--	5 "
	1¼"x1/4"x	--	3 "
	1" x1/4"x	--	4 "
M. S. Rounds.	3/4"x	--	6 "
	3/8"x	--	6 "
	1/4"x	--	5 "
	1/2"x	--	5 "
	5/8"x	--	5 "

(Contd.)

83 tons

I would also require about ten tons of best teak wood for buildings purposes. I shall be glad if you will kindly write to the concerned officers immediately and ask them to supply my requirements without delay. I will then be able to push through the work.

I was in very bad need of two Baliga Poles, 36' long, to draw wires for the works and in this connection, wrote to the General Superintendent of the Electric department on the 12th ultimo requesting him to supply the same; but, to my surprise, I was informed that no poles are available. However, I am today writing to him again.

I have received an enquiry from the Superintendent of Sericulture asking for information regarding my requirements of Ford and Chevrolet chassis for transport of cocoons, etc., for which, I have today replied stating that I would want eight Ford chassis. In respect of all these matters, if you will kindly address the officers concerned to expedite matters, I think I will be in a position to start manufacturing operations early. I do hope that I can count upon your kind co-operation.

Yours sincerely,

President.

Dear Mr. Sundaramurthy,

With reference to our personal conversation this afternoon, I wish to confirm having intimated you that the application for power required for the Silk basins to be installed near Mahalakshmi Mills has not been received up to now by this department and that I was not aware till you personally intimated me to-day as to the extent of the power required by you for this silk industry. I hope you will be able to put in an application in the regular form for your power requirements at the place, when immediate arrangements will be made to supply you the required amount of power, which you intimated personally as 15 H.P. I may also state that I shall arrange to supply power to the above extent within 48 hours of receipt of your completion report for having installed the motors in accordance with the rules in force in the department.

With regard to the temporary lighting required in the building where the construction of the building is going on, if you will kindly send in your requisition, I shall arrange to see that power is made available to you within 48 hours of the receipt of your notice and the power supply for this temporary lighting willbe charged for at 4 as. per unit. I also confirm your statement that you will be sending the requisitions referred to above by this evening.

I would further add that the power supply to the Vellum Parachute Silk Co. will be charged for at the usual schedule of rates, which in this case will be 9 pies per unit with a minimum of 30 units per H.P. per month, as the rating is expected to be 15 H.P.

Yours sincerely,

MH-CSC.

Sd/- M. Hayath.

P.T.O.

3839

Copy forwarded with compliments to the Secretary to the Government of Mysore, Development Department, for information.

This has reference to personal conversation of the undersigned with you over the phone this day. The Vellum Parachute Silk Co. have not so far submitted any application for power to this department and therefore no action has been taken by me for arranging the supply. Immediately the applications called for above are received, necessary action will be taken and arrangement will be made to supply the power required by the consumer.

General Superintendent, CPS. 2/1

Dear Mr.Vedavyasacharya,

Vellum Parachute Silk Co, Bangalore

I refer to your official letter No.D.4246 of the 4th instant in regard to the supply of 83 tons of steel sections to the above firm.

In this connection I wish to point out that according to an application dated the 15th ultimo, received by the Works from the President of the firm, their requirements are stated to be only 19 tons against 83 tons indicated in your letter, and I shall authorise issue of 19 tons from the Works.

Yours sincerely,

B Viswanath

Dear Sir,

3654

With reference to the M.S. Sections required by us, and for the want of which our work is being held up, we have this day received a letter from the Mysore Iron & Steel Works, copy of which we enclose herein for your ready reference. It will be seen from their letter that they state that the Angles and Flats can only be supplied during April/May/June 1943, and as these constitute the majority of our requirements for the Yesvantapur Factory, it will be seen, that this delay is a serious matter to us. We shall greatly appreciate if you will kindly communicate with the Mysore Iron & Steel Works to have our requirements despatched immediately as our work at Yesvantapur is already held up pending the arrival of these M.S. Sections.

Thanking you in anticipation.

Yours Faithfully.

President.

Copy of letter dated the 18th Janry '43 No.10515 from the Mysore Iron & Steel Co to Messrs. Vellum Parachute Silk Co.

------oOo------

Dear Sirs.

With reference to your telegram of the 16th inst reading as under:-

"Construction work held up past 15 days telegraph "when despatching M.S. Sections".

we wish to advise you that we have just received authorisation for 19 tons of M.S. Sections. Against your requirements, we regret we are not equipped to roll the following:-

M.S. Angles	1" x 1" x ¼"	2 tons.
M.S. Flats	1½" x ¾"	2 tons.

Kindly let us know if we may substitute the (1) by 1½" x 1½" x ¼" angles and (2) by Flats 1½" x 5/8".

Delivery. We can supply rounds during the month. The Flats and Angles can be delivered during Period 11, 1943, i.e. April/May/June 1943.

On hearing from you, we shall take further action.

Dear Sir,

With reference to the matter of our securing the Pipes etc required by us for our Works, we have to inform you that we secured the necessary Priority Certificate from Government and sent the same to Messrs. A. Mohamed & Co., 310 Linghi Chetty Street Madras with a request to despatch the same immediately as our work was being held up. The following is a short summary of what has since taken place.

9/1/43. We sent the Priority Certificate to Messrs. A. Mohamed & Co of Madras requesting them to despatch the Pipes immediately.

12/1/43. They replied to say that the despatch could not be made until a Release Order was obtained from the Controller of Supplies, South India Circle, Madras.

13/1/43. We wrote to the Controller of Supplies, South India Circle, Madras, to issue the necessary Release Order immediately to Messrs. A. Mohamed & Co to enable them to despatch the Pipes.

16/1/43. The Controller of Supplies in his letter dated the 16th inst No.ISC/RFP/884 informed us that we should apply to the Pipe Controller Engineering (Civil) Division, 8 Esplanade East, Calcutta for the necessary Release Order for these Pipes.

16/1/43. We wrote to the Pipe Controller, Calcutta requesting him to send the necessary Release Order immediately to enable to pipes to be despatched from Madras to us as our work was suffering for the want of these Pipes.

20/1/43. We sent a telegram and a letter to the Pipe Controller requesting him to expedite the despatch of the Release Order.

Up to the time of writing we have not heard anything from the Pipe Controller Engineering (Civil) Division, Calcutta, and we shall greatly appreciate if you would kindly send a telegram to this Officer requesting him to do the needful immediately.

Thanking you for all help you can render us in connection with this matter.

Yours Faithfully.

Sir,

Ref: Your No.D4710 dated 25th Jany:'43,
Re' Cement required by the President,
Vellum Parachute Silk Co., --

3822.

I have the honour to state that the approximate quantity of cement that may be required for the Factory at Goribidanur is 120 tons on the basis of the calculations made for the Government Filature at Kankanhalli. The quantity asked for now viz: 50 tons may be allotted to the Company early.

The President, Vellum Parachute Silk Co., was requested to advise his total requirements of steel, cement etc., for his Filatures. He has not been able to communicate this information so far as he has no

no technical assistance.

The Assistant Engineer attached to this office will be asked to visit Goribidanur shortly and assess the probable requirements of cement and steel. When the next recommendation is submitted to you for allotment of cement to the Vellum Parachute Silk Co., the quantity of 50 tons to be allotted now will be deducted.

I have the honour to be,
Sir,
Your most obedient servant,

Superintendent.

We were instructed by the Secretary to Government, Development Department in his letter No.D.4246 dated 4th January 1943, to supply you 83 tons of M.S.Sections as under.-

M.S.Angles	1½"x1½" 1/4" x 12'-18'		30 tons.
	1" x 1" x 1/4"x12'-18'		3 ,,
M.S.Flats	1½" x 3/4" x	-do-	11 ,,
	1½" x 1/8"	-do-	5 ,,
	1¼" x 1/4"	-do-	3 ,,
	1" x 1/4"	-do-	4 ,,
M.S.Rounds.-	3/8"	-do-	6 ,,
	3/4"	-do-	6 ,,
	1/4"	-do-	5 ,,
	1/2"	-do-	5 ,,
	5/8"	-do-	5 ,,

Against the above, we received your indent for 19 tons vide your letter dated 15-12-1942. As some of the sections are not rolled by us, we arranged for supplies of the following

sections as per our O.A.No.D.15 dated 26-1-43, after obtaining your approval for the same.-

M.S.Angles	2" x 2" x 1/4"	25 ft.	2 tons.
M.S.Flats	1.1/4" x 1/4"	12'-18'	2 ,,
	1" x 1/4"	-do-	1 ,,
M.S.Rounds	3/4"	-do-	2 ,,
	3/8"	-do-	2 ,,
	1/4"	-do-	2 ,,
	1/2"	-do-	2 ,,
M.S.Flats	1.1/2" x 1/8"	-do-	2 ,,
M.S.Angles.-	1½"x1½" x¼"	-do-	2 ,,
M.S.Flats.	1½" x 5/8"	-do-	2 ,,
			19 tons.

We have supplied about 14½ tons against this Indent and the balance viz. M.S.Angles 1½" x 1½" x ¼" and M.S. Flats 1½" x 5/8" will be supplied immediately they are rolled. In this connection, you complained about the despatch of angles 2" x 2" x 1/4" advised us that they were not required by you, though you had indented for the same in your letter of 15/12/42.

But in the indent of 8-2-43 now received from you, you have ordered the same section of angles in addition to other items as under.-

Rods	1/4"	2000 feet
Rods	3/8"	600 feet.
Rods	3/4"	1200 feet
Rods	1/2"	200 feet
Flats	1½" x 1/8"	700 feet
Flats	1½" x ¼"	250 feet
Flats	1" x 1/4"	150 feet.
Angles	2" x 2" x ¼"	1200 feet.
Flats	2" x 1/4"	200 feet.
Rods	5/8"	400 feet.

As the sections now indented for are at variance with those mentioned in letter No.D.4246 of 4-1-43, addressed to us by the Secretary, Development Department, we request you to kindly verify the same and let us have your definite final specifications for the 64 tons to enable us to arrange for correct supplies.

Please let us have a reply immediately and oblige.

Yours faithfully,
For the Mysore Iron & Steel Works,

Sd. J.V. Dattatreyam
Sales Manager.

No. 7.166

Office of the Superintendent
of Sericulture in Mysore,
Mysore, dated 11th February 1943.

To

The Iron and Steel Controller for Mysore,
Bhadravati. (M.S. Rly)

Dear Sir,

The President, Vellum Parachute Silk Co., Ltd., writes to me that he is in urgent need of 2 tons of 5/6" rounds.

He further states that he wired to you on the 6th instant for the immediate despatch of materials and that work was held up.

I understand that the Sales Manager, Mysore Iron and Steel Works, Bhadravati, has requested the President to send a license with his indent so that hemay arrange for supplies.

I invite your kind reference to letter No.D.4246 of 4th January 1943 from Secretary to Government, Development Department, to the General Manager, Mysore Iron and Steel Works, to supply hardware materials detailed in the letter referred to to the extent possible.

In view of this, I request you to please arrange for the early supply of the materials as the President Vellum Parachute Silk Co., Ltd., is in urgent need of the steel for the construction of buildings and the erection of the reeling machinery for the filature expansion scheme.

Yours faithfully,

Sd. H.S. Govinda Rao,

Superintendent of Sericulture.

The President,
Vellum Parachute Silk Co., Ltd.,
Palace Road,
Bangalore.

Dear Sir,

I have your letter dated 9th February 1943 regarding supplies of steel and coal for your filatures.

I request you to please refer to this office letter No.E.284 of 7/8th January 1943 requesting you to state your requirements for the different filature. I have not had any reply yet.

As your actual requirements have not been definitely stated great difficulty is being felt to certify your applications to the different authorities for priority assistance.

I request you to please expedite your reply to this office letter No.E.284 of 7/8-1-1943 so that prompt attention may be given to your claims. In the meanwhile I have requested the Iron and Steel Controller, Bhadravati, to supply you urgently with 2 tons of 5/8" rounds.

Yours faithfully,

H. S. Lucas

Superintendent of Sericulture.
